Education

Maharaja Surajmal Institute Of Technology, New Delhi, India

Bachelor of Technology in Information Technology (GPA: 8.9 / 10.0) | 2024 – 2028

Projects

E-Commerce Web Application | MERN Stack (MongoDB, Express, React, Node) | Aug 2025

- Built a full-stack e-commerce platform featuring product listings, cart management, and user authentication.
- Architected a RESTful API using Express.js and MongoDB for handling user data and orders.
- Optimized frontend load times with efficient state management and reusable components.

Smart India Hackathon (SIH) 2025 | React.js, Node.js, Git | Oct 2025

- Qualified for the Second Round (Nationwide Hackathon), ranking among top teams.
- Led frontend development with responsive UI implementation in React.js.
- Collaborated to integrate backend APIs and optimize data flow.

Portfolio Website | React.js, TailwindCSS, Framer Motion | Nov 2025

- Designed and developed a high-performance portfolio website.
- Implemented advanced animations using Framer Motion with full responsiveness.
- Deployed on Vercel with CI/CD integration and high Lighthouse performance scores.

Technical Skills

- Languages: C++, JavaScript (ES6+), TypeScript, C, HTML5, CSS3
- Frontend: React.js, TailwindCSS, Framer Motion, Redux (Basic)
- Backend: Node.js, Express.js
- Databases: MongoDB
- Tools: Git, GitHub, Vercel, VS Code, Postman
- Cybersecurity: Web Application Security (Basics), CTF Problem Solving, OSINT, Basic Network Security Concepts

Achievements

- Finalist – Digital CyberHunt CTF organized by ThunderCipher (Geek Room MSIT), demonstrating practical skills in web security, OSINT, and cryptography challenges.
- Successfully qualified for the Second Round of Smart India Hackathon (SIH) 2025.
- Solved 70+ Data Structures and Algorithms problems on LeetCode/GeeksForGeeks (C++).
- Maintained a strong academic record with an 8.9 GPA in Information Technology.
